Helplines Network NI is a membership-led organisation consisting of over 26 members operating across Northern Ireland. The Helplines Network NI members provide a variety of support services including, information, advice, counselling and befriending. Many of the services take place over the phone, via email, text and in some cases, with live web-chat. The Helplines are run by public, voluntary and community organisations and are non-profit making.

The Helplines Network NI membership organisation was brought together by the Public Health Agency (PHA), which has a lead role in promoting health and wellbeing in Northern Ireland. The PHA recognises the value of Helplines as they provide immediate support and information to those with a wide-range of health and wellbeing needs - often for those who are the most vulnerable in our community.

By bringing the Helplines Network NI together under one promotional brand, the Network is able to raise awareness amongst individuals, organisations, communities, health professionals and the media about how best to access the various Helplines more conveniently and meet the requirements of different service users.

Helplines are an invaluable resource that can be accessed from the privacy of home, without appointment and many can be contacted at a time that suits the person in need of support.
