For the first set of questions, give each young person a card with a smiley face on one side and a sad face on the other. Record the number of each given in response to the question:

1. At BB I have fun with my friends				
2. I enjoy playing games				
3. I enjoy making things				
4. I love it when I get my badges				
5. I wish there were more badges				
6. At BB I learn about being healthy				
7. I enjoy learning about God				
8. I like to/would like to go on holiday with the BB <i>(check if Company goes on residential)</i>				
9. At BB I get to do activities that I don't at school or home				
10. I like to/would like to go on trips and outings <i>(check if Company goes on trips &amp; outings)</i>				

For part 2, lay out the Activities sheets, which contain some typical Under 11's programme content, on tables and get the young people to go round them all and mark in some way whether they like or dislike doing the activity. Depending on time available, you could use different methods...simple tick or cross, attach different coloured stickers, have some paint and use a thumbs up or thumbs down...I'm sure your imagination is endless. Then revisit and find out what they'd like to do more of. Record numbers on the table below.
